On behalf of our entire staff, I want to wish all of our wonderful members a very happy, prosperous, and joy-filled New Year.

As we reflect on the past year, there were both challenges and triumphs but in the end, it is you, the members who make our club great. This is the time of year when we look forward to expansion and growth and we are excited about the changes to come. We invite you to participate in suggesting what can make your club better in 2023.

We look forward to helping you to continue to be happy and healthy, so any personal resolutions you may have we will do everything to support you in that endeavor.

We have some exciting plans for new classes and events so watch your emails for notifications of these.

Let's make 2023 the best year ever!

January Golf

Happy New Year to everyone!
We hope you had a wonderful
Christmas with your families and
friends. We are ready for a
GREAT 2023 golf season!

The Golf Committee is currently
working to finalize details for golf
events in 2023. We will send an
email when the 2023 Golf Guide is
completed.

Winterize your golf game

With the holidays and the cold weather, it is hard to find time to get out and play or practice. However, this does not mean your golf game has to suffer. A few minutes a day can help you transition your game from one season to the next. You might even find some improvement over the winter if you work on parts of your game.

Golfers can work on swing fundamentals, rather than watching the result of the golf ball. Two individual hitting stations, along with artificial putting greens, can help to keep you sharp in the off-season. Stop by the Golf Shop and check out our indoor golf practice area, located in the Cart Barn.

For those of you needing a little more help on your game, we offer private instruction. Making swing changes can be difficult, but Golfers will have enough time to get comfortable with any adjustments they would like to make by practicing indoors before heading out to the course next season. You will be able to easily monitor adjustments and the resulting improvements (before and after) with the use of a video camera, computer golf swing software, swing-aids, and mirrors.

For more information about lessons during the off-season, call or email the Golf Shop.

January Golf

Putting:

Everyone can find a way to bring the putter inside and roll some putts along the carpet or other suitable surface. Buy a cheap putting mat and lay it on top of the hardwood or cement floor. You may not be able to work on your distance control, but you might be the master of the 3-foot putt when next season rolls around.

Setup:

One of the reasons your golf game is rusty when you return after a lengthy absence is that you have to relearn some of the basic fundamentals: distance from the golf ball, grip, posture, ball position. If you grab a golf club and repeat your routine of approaching a golf shot, you could really hit the ground running next season.

Flexibility:

Use the off-season to improve your flexibility. Increased flexibility can add yardage to your tee shots. Sit on the floor with your legs crossed and stretch your upper body to the left as far as you can, and hold the position for ten seconds. Do the same on the opposite side. Do ten repetitions for each, as many days of the week as you can. Putting these tips into practice can help you have the most productive golfing winter of your life!
