# Accounting

As you may know, we are facing ever increasing operating costs. With that in mind, we will be implementing a 2.5% surcharge to monthly statements for members who autopay by debit or credit card, to offset the fees charged to us by our credit card processing company.

If you would like to avoid this charge you may choose to set up your monthly billing utilizing ACH or paying by check, before autopay is run for the month. To change to an ACH withdrawal, you can update via the club website or by contacting our club accountant and provide them with your bank name, checking account number, and routing number. Below you will find a video link as well as a PDF on how to update your autopay information via the member only section of the club website.

Please refer to your member statement regarding the day of the month autopay will draft your payment. Any updates to payment preference must be made before autopay is run to avoid the surcharge for that month.

We thank you for your understanding and support.

## **How to Read Your Statement Online**

As a reminder, when you receive your statement please note that you are paying your dues for the next month.

Example: Your May 31st statement will read as anything you did or purchased at the club in May as well as your June dues.
