Also in light of the many new staff members that we have please use your first and last name, as we have several duplicate last names here as well.

Thank you, Dolly Schmitz, Club Accountant

# ADOPT – A – HOLE PROGRAM

As our rounds continue to rise, it is very important that our members take part in truly caring for our course. It is OUR course. We want everyone to have the ability to enjoy it in its best condition. With that said, everyone will see a “designated hole” in your locker for our “Adopt-a-Hole Program.” In conjunction with fixing your ball marks and replacing your divots on every hole, we ask that you take special pride in the hole that you have been chosen to adopt. At the end of the year, we will determine which hole has been best cared for, and celebrate that selection with the hole’s “parent” and family.

Thank you,  
Eagle Brook Country Club Management

## EAGLE BROOK *Country Club* ***Adopt-a-Hole Program***

Each Member is being asked to adopt a golf hole this year! Take pride in YOUR golf course by taking extra special care of your designated hole by doing the following:

- Fill in some divots on the tee & fairway
- Fix some extra ball marks on the green
- Pass a rake over any uneven bunker sand
- Pick up any unsightly debris
- Always keep carts in designated areas

***You are the Proud  
Parent of Hole #1  
THANK YOU!***

# September Golf News

## *Course Beautification Update from the G&G Committee:*

- In keeping with the links golf tradition at Eagle Brook, the process of adding new native areas planted with red tip fescue has begun. The goal of this project is to provide an aesthetic upgrade while minimally impacting course playability. We also seek to cut down on unnecessary time, expense and ecological impact of maintaining these vast swaths of rough that rarely enter the normal course of play. Special consideration has been given to ensure that players of all levels benefit from this upgrade.*
- During the next few weeks, the conversion process will take place. Between now and mid-September, this will manifest primarily in brown/dead expanses of rough on holes 3, 6, 9, 12 and 13. On September 14, the 10.2 acres of new native area will be seeded and heavily watered creating a marsh-type consistency; we respectfully ask that all golfers stay out of these roped off sections until at least mid-October to ensure optimal cultivation. If an errant shot happens to land in these areas deemed ground under repair, players shall take a no-penalty drop no closer to the hole. The following pages of course aerial photos show the areas to be worked on, outlined in blue.*
- We appreciate your understanding during the process over the next 4-6 weeks and look forward to sharing in a gorgeous end result for many years to come!*

# From the Golf Shop

To the Membership,

August was another great month of golf at Eagle Brook! We crowned many champions throughout our championship season – well played by all! Special Congratulations to our Club Champions, Christian Novay and Sue Erwin, and our Senior Club Champions Steve Skorgburg and Denise Sarna-Axley.

Please ensure that we are fixing all ball marks and filling in fairway divots with the provided mix. Please try and make sure we adhere to the cart guidelines that are posted on a day-to-day basis. The golf course has been in excellent shape all year, and the Members have a lot to do with that – well done!

Wishing everyone a happy, healthy September ahead and let's have a great fall!

Respectfully,

David Krzepicki, PGA  
Head Golf Professional
